RENASANT CORPORATION ANNOUNCES 2010 THIRD QUARTER EARNINGS

TUPELO, MISSISSIPPI (October 19, 2010) – Renasant Corporation (NASDAQ: RNST) (the “Company”) today announced results for the third quarter of 2010. Net income for the third quarter of 2010 was \$19,551,000 as compared to \$3,796,000 for the second quarter of 2010 and \$4,225,000 for the third quarter of 2009. Basic and diluted earnings per share were \$0.81 during the third quarter of 2010 as compared to basic and diluted earnings per share of \$0.18 during the second quarter of 2010 and basic and diluted earnings per share of \$0.20 for the third quarter of 2009.

Highlights of the third quarter of 2010 included:

- The Company expanded into North Georgia through its acquisition of the assets of Crescent Bank & Trust (“Crescent”) in an FDIC-assisted transaction. The acquisition, which was completed on July 23, 2010, added 11 branches and increased total assets \$778.8 million, total loans \$369.6 million, total deposits \$698.0 million, and resulted in a pre-tax gain of \$42.2 million.

- On July 23, 2010, the Company completed a private placement of 3,925,000 shares of its common stock, resulting in proceeds to the Company, net of issuance costs, of \$51.4 million. The proceeds from the private placement further enhanced the Company's strong capital position. The Company's leverage, Tier 1 and total capital ratios were 9.03%, 13.55% and 14.80%, respectively, at September 30, 2010, in all instances above "well-capitalized" thresholds. The Company increased its tangible capital equity ratio to 7.00% at September 30, 2010 from 6.52% at June 30, 2010 and 6.34% at December 31, 2009.
- The Company hired seasoned banking talent at the production level in its Memphis, Tennessee, DeSoto County, Oxford and Columbus, Mississippi, and Birmingham, Alabama, markets.
- The Company opened its 5th branch in Birmingham by opening an office in Mountain Brook. The Company also announced plans to open a new banking location in Columbus which, along with Starkville and West Point, is part of the growing "Golden Triangle" region of Northeast Mississippi. We expect this location to open during the fourth quarter of 2010.

"We are proud of our accomplishments during the third quarter of 2010. These accomplishments included our first FDIC-assisted acquisition, enhancement to our capital ratios, completion of a successful equity raise and continued improvement in our legacy operations," commented Renasant Chairman and Chief Executive Officer, E. Robinson McGraw. "With additional capital, excess cash and strong reserves, we believe that we are positioned to take advantage of opportunities to expand our market share and footprint as they present themselves in the future."

Total assets as of September 30, 2010 were approximately \$4.26 billion, an 18.43% increase since June 30, 2010 and a 16.90% increase from December 31, 2009. Total deposits were \$3.42

billion representing a 27.07% increase from June 30, 2010 and a 32.6% increase since December 31, 2009. In the Company's legacy markets (that is, excluding the North Georgia markets), the Company experienced strong core deposit growth as deposits increased to \$2.72 billion at September 30, 2010.

Noninterest bearing deposits in the legacy markets grew to \$322.3 million, an increase of 2.86% on a linked quarter basis and 5.67% since December 31, 2009. Additionally, the Company continued to successfully reduce its cost of funding by changing the mix of interest bearing deposits by growing lower costing retail non-time deposits while at the same time reducing public fund and retail time deposits. The Company's cost of legacy deposits for the third quarter of 2010 was 1.43% compared to 1.55% for the second quarter of 2010 and 1.76% for the third quarter of 2009.

Total loans were approximately \$2.58 billion at the end of the third quarter of 2010 as compared to \$2.26 billion at June 30, 2010 and \$2.35 billion at December 31, 2009. Loans from the Company's legacy markets were \$2.22 billion for the third quarter of 2010. The Company continued to focus on reducing its exposure to construction and land development loans. In its legacy markets, the Company reduced its construction and land development portfolio by \$24.1 million, or 7.80%, during the third quarter of 2010 to \$284.6 million dollars, or 12.7% as a percentage of our legacy loan portfolio at September 30, 2010. For the nine months ended September 30, 2010, the Company has reduced its construction and land development portfolio by \$130.2 million, or 31.40%, compared to the balance of this portfolio at December 31, 2009.

Net interest income was \$24.3 million for the third quarter of 2010 as compared to \$23.7 million for the second quarter of 2010 and \$25.2 million for the third quarter of 2009. Net interest margin was 2.81% for the third quarter of 2010 as compared to 3.15% for the second quarter of

2010 and 3.22% for the third quarter of 2009. The impact of the Crescent acquisition decreased net interest margin for the third quarter of 2010 by 16 basis points. In addition, the Company repaid approximately \$148 million of Federal Home Loan Bank (“FHLB”) borrowings, including \$23 million of FHLB borrowings assumed in the Crescent acquisition. The Company incurred a \$2.8 million prepayment penalty which further reduced net interest margin by 36 basis points. The Company’s net interest margin, excluding the impact of the Crescent acquisition and FHLB prepayment penalty, was 3.33% for the third quarter of 2010.

“We anticipate margin to improve as we continue to reduce rates on time deposit renewals, deploy excess cash from the Crescent acquisition and realize the full benefit of paying off high costing FHLB advances,” commented McGraw.

Noninterest income was \$54.5 million for the third quarter of 2010, which includes a pre-tax gain of \$42.2 million recognized in connection with the Crescent acquisition, as compared to \$14.3 million for the second quarter of 2010 and \$14.0 million for the third quarter in 2009. During the third quarter of 2010, the Company experienced a 64% increase in mortgage fee income on a linked quarter basis which was offset by an impairment charge on its trust preferred securities portfolio of approximately \$2.9 million.

Noninterest expense was \$36.8 million for the third quarter of 2010 as compared to \$26.2 million for the second quarter of 2010 and \$26.1 million for the third quarter of 2009. Noninterest expense for the third quarter of 2010 included normal operating expenses of Crescent, merger expenses related to the acquisition totaling \$2.2 million and an impairment charge on the write-downs of other real estate owned of approximately \$3.3 million for the quarter.

The loans acquired in the Crescent acquisition were recorded at fair value which includes an estimated loan impairment. Therefore, in accordance with generally accepted accounting principles, the Company has not assigned any allowance for loan losses to these acquired loans at September 30, 2010. Excluding the Crescent loans, the allowance for loan losses as a percentage of loans was 2.02% at September 30, 2010 as compared to 1.82% at June 30, 2010 and 1.67% at December 31, 2009. The Company recorded a provision for loan losses of \$11.5 million for the third quarter of 2010 as compared to \$7.0 million for the second quarter of 2010 and \$7.4 million for the third quarter of 2009. The increase in the provision for loan losses in the third quarter of 2010 is reflective of the higher net charge-offs incurred during the quarter and potential deterioration in the collateral values on certain loans. Annualized net charge-offs as a percentage of average loans were 1.18% for the third quarter of 2010 as compared to 1.21% for the second quarter of 2010 and 1.12% for the third quarter of 2009.

Although the allowance for loan losses and the related provision for loan losses were not affected by the Crescent acquisition, the Company's other measures of credit quality were significantly impacted. The Company's nonperforming loans were \$132.7 million at September 30, 2010 which includes \$67.1 million of nonperforming loans acquired in the Crescent acquisition. However, we expect the loss share agreement with the FDIC, as well as our adjustments to the balances of the acquired Crescent assets to record them at fair value, to provide substantial protection against loss on those assets. Excluding the impact of the Crescent loans, nonperforming loans (loans 90 days or more past due and nonaccrual loans) were \$65.6 million at September 30, 2010 as compared to \$64.7 million at June 30, 2010 and \$50.0 million at December 31, 2009. Furthermore, loans 30 to 89 days past due (excluding Crescent loans 30 to 89 days past due) as a percent of total loans was 1.05% at September 30, 2010 compared to 1.57% at June 30, 2010 and 1.03% at December 31, 2009.

Other real estate owned, excluding other real estate owned from Crescent, was \$62.9 million on September 30, 2010 as compared to \$66.8 million on June 30, 2010 and \$58.6 million at December 31, 2009. We acquired other real estate owned with a fair value of \$49.3 million in the Crescent acquisition.

“We look towards a strong finish to 2010 as we will soon enter a new banking market in Columbus, Mississippi, deploy excess cash to help grow margin, and continue to realize stabilization of nonperforming loans,” stated McGraw.
